# Custom HTML

| Colors & Fonts | Templates | **Custom HTML** |

This is where you can enter custom HTML code that will be used in various places on your store. It is HIGHLY recommended that you know HTML before using this page.

If you lock yourself out of editing this page you can reset it. WARNING! You will lose ALL HTML below.
⚠ RESET THIS PAGE

## Store Display

**Store Description**
Enter a description for your store. This is HTML that will be displayed on the main store page.

Thanks for visiting our online shop! Here you'll find National Voter Registration Day themed swag like tee shirts, buttons, mugs, etc.

☑ **Show Front Page Listing**
This indicates whether you want the front page of your store to display the sections and products in your storefront. Uncheck this if you have your own custom HTML to display your sections and products.

☐ **Show Newsletter Subscription Form**
This indicates whether you want the sidebar to display the CafePress.com and store newsletter form, allowing your customers to sign up for periodic newsletters from us or from you.

☑ **Show Zoom Image Overlay**
This displays an overlay image with the word "SAMPLE" over your zoomed-in images when shoppers click on the link to view a close-up of your products. This might be effective in thwarting users who might use your copyrighted images for their own purposes.

**Items Across**
Enter the number of columns of items you would like displayed across the storefront.          3

## HTML Tags

**<HEAD> tag contents**
Enter the HTML code you would like in <HEAD> tag of the page. You can put your own Javascript, stylesheets, etc. here.

<HEAD>

```
<style>
   body
      {
      background-color:#ffffff;
      }
   #cpWrapper{
      padding:0;
      background-image:url('http://content3.cpcache.com/si/themes/simple_c/simple_pattern.png');
      border-bottom: 1px solid #1A1A1A;
      width:1000px;
      margin:auto;
      }
   #shopContainer{
      width:960px;
      background-color:#ffffff;
      margin:0px auto;
      }
   #shopBorder{
      border:0;
      background-color:#dfdede;
      border-top:0;
      }
   #shopWrapper{
      background-color:#ffffff;
      border:0;
```

</HEAD>

**<BODY> tag attributes**
Enter the <BODY> tag attributes you would like. You can put onLoad events and margin information here.

<BODY [                                                                    ] >

Header and Footer

**Header**
Enter the HTML code you would like for the header of all your pages. You can put your own brand, navigational links, etc. here.

```
<div id="shopContainer">

     <div id="shopHeader">
        <div id="shopName"><cpstore:name></div>
     </div>
<div id="topNav">
           <ul>

           </ul>

           <div class="clear"> </div>
     </div>

     <div id="shopWrapper">
```

**Footer**
Enter the HTML code you would like for the footer of all your pages. You can put your own brand, navigational links, etc. here.

```
</div><!-- closing shop wrapper -->

</div><!-- closing shop container -->
```

## Sidebar

☑ **Show Sidebar**
This indicates whether the navigational sidebar appears in your store, allowing customers to navigate a bit easier.

☐ **Show Nested Sub-Sections**
This indicates whether to display nested sub-sections in the sidebar.

**Extra Sidebar Content**
Enter the HTML code you would like for any extra sidebar content. You can put your own brand, navigational links, etc. here.
Note: In order for your shopkeeper bio to show up in this store, you must check "Show Sidebar."

```
<div id="searchFormContainer">
        <form action="/cp/storesearchresults.aspx" id="searchForm" name="searchForm">
          <input type="text" name="searchterm" id="searchTerm">
          <input type="hidden" name="s" id="s" value="<cpstore:id>">
          <input type="submit" id="submitSearch" value="Search">
        </form>
        </div>
<div id="shopCollection">Shop by Collection</div>

<div class="promoBox"><iframe src="http://www.cafepress.com/content/si/promo/125x125.html"
mce_src="http://www.cafepress.com/content/si/promo/125x125.html" marginwidth="0" marginheight="0" frameborder="0"
height="125" scrolling="no" width="125"></iframe></div>
```

## Search Box

○ **No thanks, please don't add the search box in my shop**
        (Advanced option: Add it yourself with a custom tag)

◉ **Yes, please add the search box just under my header (recommended)**

○ **Yes, please add the search box in my sidebar**

> **Tag Your Images!**
> Your images must be tagged for search to work properly. Otherwise, every search performed in your shop will return " No results found."
>
> **Styling** If you edit your own CSS, get the styling information here to customize the way search looks in your shop.
